UNION SEEKS ANSWER

SOUTH BEND, Ind., Aug. 9.—(UP)—Union leaders hoped to find an answer today to the Studebaker company's threat to stop 11,000 workers' jobs unless they accept a pay cut.

Rank and file Studebaker employees were stunned at the company's announcement that it would be forced to cancel its contract with the CIO United Auto Workers and close its plant in 60 days.

The company said Friday this was the only alternative unless employees agreed to accept pay cut and thus put the firm in a better competitive condition.

U. S. WILL AID IN EVACUATION OF ANTI-REDS

PLANS "SHIP LIFT" FOR REFUGEES IN NORTHERN VIET NAM

WASHINGTON, Aug. 9. (UP)—The United States is planning to establish a "ship lift" to carry more than 100,000 refugees out of Communist hands in northern Viet Nam.

This country also has promised the refugees material aid until they get re-settled in the free areas of war-torn Indochina.

The State Department, which announced the plans Sunday night, did not give further details. The department said merely that the Navy will provide ships to help anti-Red natives get out of territory handed to the Communists under the terms of the Indo-China truce.

The State Department made public the text of a note to the free government of Viet Nam in reply to a request for help in removing refugees.

The United States said it will "extend to the government of Viet Nam all reasonable assistance to evacuate its nationals who understandably are unwilling to face the grim certainties of life under the Communists."

Offering other help as well, the State Department note said "the United States is well aware that mere removal does not solve the problem for such people or for the government of Viet Nam."

Therefore, the department said, "the United States is also prepared to provide as far as possible material help needed to enable refugees of Viet Minh domination to resume existence under their chosen government with maximum opportunity to add to the strength of that government through their own efforts."

Officials did not outline what other help this country would extend to the refugees. But it presumably would include shipments of food and clothing, and help in getting the refugees adequately housed.

SHOWDOWN VOTE

WASHINGTON, Aug. 9. (UP)—Senate backers of high farm price supports claimed today they have the votes to kill an administration-backed flexible formula setting government guarantees at 80 to 90 per cent of parity.

But some of their key strategists conceded privately they might not be able to defeat a possible move to write a flexible plan ranging from 82½ to 90 per cent of "fair price" parity.

A showdown vote on the politically touchy price support issue was scheduled this afternoon.

JOHN BELIEVED HELD AGAINST WILL BY RUSS

WEST GERMAN SECURITY OFFICIAL LURED BEHIND IRON CURTAIN

WASHINGTON, Aug. 9. (UP)—High U. S. officials revealed today they are studying two letters written by Dr. Otto John which indicate he was lured behind the Iron Curtain by crafty Red agents.

They are convinced the West German security chief is being held against his will despite East German and Soviet trumpeting that he crossed into East Berlin voluntarily and does not want to return. American cold war experts say the Red claims have a false ring.

The two letters were written by John to his wife shortly after his mysterious disappearance on the night of July 20. He subsequently turned up in Communist hands.

The letters, made available to the United Press by government sources, are being carefully studied here for possible clues which might explain John's actions.

The first, postmarked July 23, indicates that it was written while John was en route from West to East Berlin and that it was not immediately dropped in a mail box. It was written on a "rough piece of paper," apparently in great haste, the officials said.

The next day, John wrote the second letter on "good bond" paper. To experts, it has an entirely different tone and it sounds stilted—as if someone had ordered it written.

WASHINGTON, Aug. 9. (UP)—Sen. Arthur V. Watkins said today he hopes to tell the Senate this week the date his special committee will report on the move to censure Sen. McCarthy.

The Utah Republican, chairman of the six-man group weighing the charges against McCarthy, said the committee will not report this week "on the merits of the matter."

Then Senate is expected to recess when it cleans up its legislative business and return later to receive the report.

Watkins called a meeting of the group this afternoon to line up a staff and prepare to dig into its ticklish task. He also said an effort would be made to narrow down the list of more than 45 charges against the Wisconsin Republican by weeding out duplications and discharging unimportant accusations.

BANK LISTS WINNERS

The Central National Bank has announced the winners of their "Penny Guessing Contest" at the Putnam County Fair, which closed Saturday night. 1953 persons made widely varying guesses as to the actual number of pennies in the glass jar displayed at the Central National Bank booth in the commercial tent. Many of these people made more than one guess which ran the number of cards actually received to well over 2000.

The actual number of pennies in the jar when counted by the bank's money counting machine was 4318. Prior to this counting no one, even the bank employees, knew the correct count of the coins it took to fill the container.

FUNERAL RITES FOR EMILIE HELD IN TINY PARISH CHURCH

CORBEIL, Ont., Aug. 9.—(UP)—Emilie Dionne, the shy quintuplet who shunned fame, was buried today in a remote rural cemetery following a solemn requiem Mass in her tiny parish church.

The grave is beside her paternal grandparents and an older brother, Leo, who died in infancy. Father W. F. LaFrance, the parish priest at the Sacred Heart Church, who celebrated the funeral mass, apologized for the parish's small cemetery.

"It is not very big or fancy," he said. "We had hoped to have a new one but we weren't able to get the land we had in mind."

Emilie's father, Oliva Dionne, insisted she be buried beside her grandparents "because it is the right thing."

Emilie died Friday in a Catholic rest home near Ste. Agathe, Que., after suffering an epileptic seizure. She was 20 years old.

Her epilepsy was a closely guarded family secret, confirmed for the first time by an autopsy report.

More than 5,000 persons filed past Emilie's bier Sunday to pay their final respects. Many had waited for hours in the rain before gaining admittance to the Dionne mansion.

Emilie wore a powder blue dress with lace collar. A white crucifix and rosary beads were clasped in her hands. Banks of flowers surrounded the bronze casket.

Many visitors knelt to pray while others whispered words of consolation to the grief-stricken mother who sat nearby in silence.

Early in the afternoon the four surviving quints stayed at their mother's side. The four girls wore simple black frocks, buttoned down the front and black, low-heeled slippers.

Only the immediate family and close relatives and friends attended the solemn high Mass in the Catholic parish church. Corbell has a population of about 100 and the Sacred Heart Church has a very limited seating capacity.

Forrest R. Williamson, 25, Van Wert, Ohio, and Elene M. Friend, 25, Elkhart, Ind., were killed in a truck-auto crash at the junction of U. S. 6 and Ind. 15 south of Gosport Saturday. State police said Williamson failed to stop at the crossing.

William R. Patrick, 60, Seymour, was killed the same day in a similar crash which injured four other persons. All five were occupants of a car which pulled into the path of a truck at the intersection of a county road and U. S. 50 east of Bedford.

Troops Guarding Moroccan Port

PORT LYAUTEY, Morocco, Aug. 9 (UP)—Troops patrolled the streets with machine guns today in a move to end terrorism in which at least 12 persons have been injured in this port city.

Americans, Frenchmen and other Europeans living in Port Lyauety's native quarter were

evacuated Sunday following a riot.

U. S. servicemen were warned to travel in groups and only on the main streets. Merchants in Port Lyauety and other cities have moved their stocks out of sight for fear of theft.

A mob of Nationalist supporters of the exiled Sultan Sidi Mohammed V murdered an aged French couple who sought refuge in the home of Port Lyauety policeman.

The policeman found the bodies of the couple when he returned home from work. The husband's head had been smashed in and his wife's throat was cut. The rioting ended only after troops fired on the mob for five minutes. About 5,000 Moroccans had gathered in the native quarter and formed a column.

They attacked a post office, a kindergarten, an eye treatment center, a movie house and a villa before police finally stopped them by firing directly into the mob.

Wedding Sunday
Miss Betty Jeanette Tippin and James C. Brown were united in marriage Sunday afternoon at 2:30 in the Somerset Christian church.

The bride is the daughter of Mr. and Mrs. James E. Tippin, of Greencastle R. 1. The bridegroom is the son of Mrs. L. O. Brown, of North Vernon.

Mrs. Leroy Horner sang "O Promise Me," "Ah Sweet Mystery of Life," and the "Lord's Prayer," accompanied by Mary Ann Bowers, cousin of the bride.

The Rev. Esten Martin, uncle of the bride, read the vows of the double ring ceremony before an altar decorated with summer flowers.

The bride, given in marriage by her father, wore a floor length gown of white satin with a nylon net overskirt and fashioned with a draped bodice and separate ace jacket. Her fingertip veil of illusion showered from a tiara. She carried a bouquet of white rosebuds centered with an orchid.

The maid of honor, Miss Margaret Tippin, was attired in a gown of mint green organza. The bridesmaids, Misses Mildred and Marilyn Tappin, wore gowns of pink and blue organza fashioned identical to that of the maid of honor. Their bouquets were of yellow roses. The flower girl, Joanne Tippin, wore a peach organza gown and carried a basket of rose petals. All four attendants are sisters of the bride.

Dale Cox was best man. Ushers were Kenneth Woods, brother-in-law of the bridegroom, and Don Baldwin.

Mrs. Tippin wore a blue crepe dress with black accessories. The bridegroom's mother wore a pink suit with pink accessories. Both wore a corsage of white carnations.

Following the ceremony a reception was held in the church basement. Those assisting were Mrs. Kenneth Woods, Miss Norman Brown, sisters of the bridegroom, Mrs. Leon Tippin, Mrs. Howard Tippin, sisters-in-law of the bride.

The couple left on a wedding trip to Michigan and Wisconsin. For traveling the bride chose a navy dress with white accessories and wore the orchid from her bridal bouquet.

If your rupture is larger this year than last, then you must be wearing the wrong kind of truss. Perhaps one with a knob that causes the opening to enlarge. Don't delay until your rupture becomes irreducible. The Dobbs pad is of the suction cup type and fits over the rupture like the palm of your hand, thereby may be worn with complete security and comfort. It does not spread, expand, struts the lower abdominal muscles. Prevents rupture from becoming larger. It is different from and superior to other trusses. It has no belt or straps to bind. Brazil Protests Neal's Transfer

The Brazil Times says: With the announcement Saturday of the transfer of State Trooper Fred Neal, 43, from Brazil to South Bend, many persons immediately began the planning of a protest.

Neal, a state trooper here since 1945, is to report to the South Bend Post Monday morning, according to orders received at the Putnamville Post yesterday from Maj. Walter Weyland of state headquarters at Indianapolis.

No reason could be learned at Putnamville for the transfer.

All Clay county court and police officers expressed deep regret that they are losing Neal and said they would appeal directly to state headquarters an effort to keep Neal in the community.

Clay Prosecuting Attorney John J. Thomas said, "Clay county is losing one of its finest police officers. The county will suffer."

"He has taken a prominent part in the investigation of serious crimes and in the apprehension of hardened criminals in the county in the past several years," Thomas averred.

"I am at a loss why he is being taken from us," the prosecutor also said, "I am planning to ask the state to reconsider its action." Others said they would join Thomas.

Chief of Brazil Police Walter Jackson in speaking for his department said, "I don't believe there is a more efficient officer in the state of Indiana. I certainly hate to see him go."

Also joining in the protest at Neal's transfer, youth leaders said today that Neal was respected highly by the children of the community.

Wrong Play From Board Brings Contract's Defeat

After some rather fancy bidding, Mr. Abel arrived at a reasonable contract of three no trump. Mr. Champion had opened a minimum and he suffered some during the auction, fearing his partner would get the hand too high.

The bidding:

2 D Pass 2 S Pass

3 C Pass 3 NT All Pass

He frowned darkly when Mr. Abel bid three no trump and muttered something to the kibitzers about it being impossible to play a partial with some people.

The result of this unjustified

grouching was that Mr. Abel's play was not as good as his bidding.

Mr. Meek decided to lead his fourth best spade even though he suit had been bid on his right. Dummy played low and Mr. Abel won with the nine spot. He went to dummy with the ace of diamonds and led a low club, his ten losing to the queen.

KING OF SPADES

Now Mr. Meek laid down the king of spades. Mrs. Keen discarded a small diamond and the ace won. Mr. Abel led another club, hoping the ace was on his right. But it was no go. Mr. Meek won and cashed three

spades to defeat the contract.

Mr. Abel should have made the hand. Usually you don't play high from dummy on the first trick when you have an equal card in your own hand (as the nine of spades was equal to the ten here). But this was a recognizable exception.

RULE OF 11

By the Rule of 11, Mr. Abel should have known that Mrs. Keen held just one spade higher than the four spot. If this card happened to be one of the honors, there was nothing to fear.

But if Mr. Meek had both the king and queen, Mr. Abel could

have given himself three spade stoppers instead of two, by playing the ten from dummy at trick one.

If he had taken this simple precaution dummy's jack and ten of spades would never have fallen helplessly under Mr. Meek's king and queen.

So the Senate banking committee subpoenaed his records. Woodner told the committee he built 26 FHA-insured projects totaling \$40,000,000. (International)

BANNISTER WHIPS LANDY IN 'DREAM MILE'

England's Roger Bannister (329), who won the British Empire Games' miracle mile in 3:58.8 at Vancouver, B. C., hangs on the shoulder of runner-up John Landy (300), of Australia, in an apparent state of collapse. Landy, who holds the mile record with a time of 3:58, also broke the four minute barrier, finishing close on Bannister's heels in 3:59.6 after leading the race up to the final 100 yards. It was the first double running of the mile in less than four minutes.

Burn both garbage and trash in a **GAS** incinerator

Why put up any longer with the nuisance of a smelly garbage can, a natural breeding place for flies and disease? Or the smoke and dirt and mess of a trash burner?

An automatic GAS incinerator does both these jobs for you . . . silently, quickly and without muss and fuss. Simply toss your garbage and trash—even the big bones—into the GAS incinerator, set the dial and the job is done. Your GAS incinerator is the clean, convenient way to get rid of all garbage and burnable trash.

The GAS incinerator costs so little for so much convenience.

EXTRA!

CHICAGO, Aug. 9—(UP)—Authorities today investigated the possibility of arson in a tenement fire which killed 5 persons and injured 19.

Some residents of the building on Chicago's South Side said the

fire appeared to break out above and below them at the same time early Sunday.

Fire officials also looked into the theory that the fire may have been started by defective wiring, although Fire Atty. Earle R. Downes said he did not believe bad wiring set off the flames.

Fire Marshal John Haberkorn estimated the loss at \$10,000. He said he could not tell if inflammable liquids were the cause of the fire.

WASHINGTON, Aug. 9—(UP)—The House appeared ready to vote overwhelmingly today to raise the pay of the nation's 500,000 postal workers.

Last-minute maneuvering, with congressmen under intense administration pressure, will determine if the increase is to be 5 or 7 per cent.

The administration is sharply opposed to a 7 per cent boost but has backed the 5 percent increase as an acceptable compromise. However, it has insisted that a pay raise be covered by companion boosts in postal rates.

WASHINGTON, Aug. 9—(UP)—The State Department is planning to publish the first part of a series of massive documents on the loss of China to communism which promises to touch off a new wrangle on the eve of the November elections.

SIGNED 20-YEAR PACT

LED, Yugoslavia Aug. 9—(UP)—Yugoslavia, Turkey and Greece today signed a 20-year military alliance, pledging mutual defense against outside attacks.

The pact is designed to dampen the fuse of the traditional Balkan powder keg and greatly strengthens the West's Balkan defenses against Red aggression.

The agreement pledges the three governments to consider "any armed aggression against one or several of them or any part of their territories as an aggression against all the contracting parties."

FREE ON BAIL pending untangling of a murder conviction. Paul Pfeffer, 22, embraces his girl, Helen Anderson, 16, at Queens County jail in New York. Pfeffer spent almost a year in jail after being convicted of murdering Edward Bates, a U. S. Navy seaman, Aug. 23, 1953. His lucky break came when John Francis Roche, who admitted four murders in Manhattan, also admitted killing Bates. So Pfeffer is free on \$10,000 bail while his conviction is being reopened. FIRST VERTICAL TAKEOFF

ITS SIX-BLADED PROPELLER in full lift, the U. S. Navy's Convair XPY-1 climbs straight up from runway at Moffett Naval Air Station, Calif. This is the first time a fighter plane has ever taken off vertically. A main use of this plane would be in convoy protection, since it could take off from a cargo ship deck. It rests on its X-shaped tail assembly. (International Soundphoto)

Circuit Court News

Seventeen-year-old Robert Vance Greer, described in Putnam Circuit Court today as "nuts about cars," pleaded guilty to a charge of second-degree burglary in stealing an automobile in Morton Friday. The car was owned by Ed Overshiner. Greer's arraignment came this morning in the presence of his parents from Ohio and his minister.

At pretime today his trial was underway with Rexell A. Boyd serving as pauper attorney.

Conviction for this felony usually carries from one to ten years in the state reformatory.

Also arraigned before Judge John H. Allee today was Thomas Lawson, also on a second-degree burglary charge. Upon his pleading not guilty to this charge, bond was fixed at \$1000 and trial set for November 2.

Lawson has been held in connection with a series of early morning break-ins at work ago at the Kersey Music Store, Hubbard's Station, and others.

Morris Mason, appearing before Judge Allee today, was granted a delay in trial pending the securing of an attorney's services. Mason is charged with passing a fraudulent check.

IF CHRISTIAN DIOR'S "flat look" takes hold, it will have three flattening effects. One will be husbands' wallets.

It'll be the charge account paying men who will be busted.

Marlene Dietrich adopted a "wait and see" viewpoint on the "flat look." The longer she waits, the less there may be to see.

How would this pear-shaped measurement sound for a "Miss America" candidate—30-24-36?

The way things are going internationally, the "flat look" will eliminate the last of America's charms.

Well, a lot of foreigners have been anxious for a long time to make us draw in our chests.

Dior's long skirt "new look" took the country by storm a few years back. Ever since, it's been plain to Moscow we'll get for most anything to get an argument over with.

EGGS ARE SPILLED

Anyone for an egg shampoo? Fresh crushed eggs adorned Jackson street alongside the courthouse today at noon. As a matter of fact, 72 dozens of them.

Apparently the three full double cases slid unnoticed off a truck and were left for bewildered drivers to crunch through.

Police dragged the wood cartons off the thoroughfare, leaving the situation scrambled, and, brother, that's no yolk!

Today's Market

Barrows and gilts were mostly 25c to 50c higher at Indianapolis today in fairly active trade on receipts of 9,000.

Bulk choice 190 to 260-pounders rated \$23.25 to \$23.50. Several hundred choice, mostly 200 to 230 pounds, brought \$23.65 to \$23.75.

Scattered loads of 260 to 290 pounders sold at \$22.50 to \$23.25, with heavyweights scarce. Weights from 160 to 190 pounds ranged from \$23 to \$23.50.

Sows were active and mostly 50c higher at largely \$15.25 to \$20.

Other receipts included 3,700 cattle, 400 calves and 1,600 sheep.

LOOKING...

...AT LIFE

By Erich Brandeis

It reported that Moses made the long journey up Mt. Sinai on foot to bring us the Ten Commandments.

But Charlton Heston, who will portray the role in Cecil B. DeMille's picture "The Ten Commandments" will fly to the mountain three times a day in a helicopter.

I don't know that the end result of Heston's ascent will compare in importance with Moses' message to mankind, but, at any rate, the ascent itself will certainly consume much less time and be much more comfortable than that of the bearer of the original Ten Commandments.

Heston's mode of transport—

tion to Mt. Sinai is typical of the great changes that have taken place in our whole mode of living.

Whether these changes have been for better or worse is something that is extremely difficult to judge.

When you come right down to it, just what has all the enormous speed of the new days benefited us?

What has all the push-button convenience of the 20th century done for humanity?

Undoubtedly we have to work less hard than men did in the days of Moses or even in the days of our ancestors two hundred years ago.

But let us be true with ourselves. Are we any happier today than they were then? Are we REALLY ahead of the game as compared with a hundred years ago?

I wonder how history will judge us people of 1934. I wonder whether, perhaps, with all our vaunted progress and civilization of 1934 we are not traveling in the opposite direction of what we think.

Sometimes, when I read of the fall of Rome and the glories of Egypt and Greece, yes and of Tyre and Nineveh, I can see our

selves gradually falling into a terrible rut of ease and comfort.

And don't you ever think for a moment that ease and comfort are NOT ruts that get deeper and deeper, until it is almost impossible to climb out of them.

I am certainly no pessimist—many of my readers have accused me of being a professional Pollyanna—but how much lazier

can we get?

Every day there are more new inventions to make housework lighter. Pretty soon the housewife will have nothing to do but wield a can opener and push buttons.

Now they are busy inventing mechanical brains, so that in another century or two the business man won't even have to think for himself any longer. At an expense of only a couple of hundred thousand dollars he will be able to buy a mechanism with a few hundred tubes that does all the thinking for him.

Scientists are already predicting that in another couple of hundred years man will be born without legs. He doesn't do any more walking, so why should nature bother putting legs on him?

I wonder how soon some inventor will turn to mechanical love and mechanical marriage. When that happens, I'll certainly be glad to have gone to greener pastures.
